

What would life be without those
all-important little extras?

Extra dynamic.

Extra powerful.

Extra light.

The SLK 55 AMG *Black Series*

Exclusive, puristic and uncompromisingly designed for dynamic performance and handling.

The mighty engine under the bonnet is partnered amongst other things by a newly developed suspension promising unprecedented standards of agility and precision. And it is not just the propulsive power that enters a new dimension, but the decelerating power too. Then there is the design and materials which leave no doubt as to just what the SLK 55 AMG *Black Series* is capable of unleashing, even before it has started moving.

Take a seat and get ready to experience motor racing more closely than ever before.

Providing the handling stability to match the power: newly developed 19-inch AMG forged wheels with optional Pirelli sports tyres, the AMG sports suspension with adjustable coil springs and dampers for perfect poise, as well as the AMG high-performance braking system with 6-piston callipers and 360-mm composite brake discs at the front. The front suspension cross-brace means extra strength for enhanced lateral dynamics.

Maintaining perfect contact between man and machine: AMG sports bucket seats (without sidebags) upholstered in black nylon velour, plus an AMG ergonomic sports steering wheel trimmed in leather and Alcantara with aluminium shift paddles. Trim parts and interior door panels in carbon fibre put the final touches to the race car feel.

The 294 kW (400 hp) and 520 Nm resulting from the optimised air intake, sports air cleaner and AMG exhaust manifold translate into exhilarating propulsion accompanied by a soundtrack that is every bit as thrilling. The high-performance steering oil cooler and extra transmission oil cooler also mean that you can be sure of performance of the very highest calibre.

The new front apron with its immense air intakes combines with the carbon-fibre air outlets at the sides, the muscular flared front wheel arches made from carbon fibre and the fixed carbon roof to set a thoroughly sporty tone. The use of such ultra-lightweight materials together with the omission of the vario-roof and roof hydraulics gives the vehicle a much lower centre of gravity.

The result is a driving experience that is on a whole new level.

Do you like leather upholstery? Then may we recommend our leather package for the interior: featuring leather trim for the AMG sports bucket seats in safety car design, the dashboard, the centre console, the centre armrest, the interior door panelling and the roll-over bars.

No. of cylinders/arrangement **8/V**

Total displacement **5439 CC**

Rated output¹⁾ **294 kW/400 hp at 5750 rpm**

Rated torque¹⁾ **520 Nm at 3750 rpm**

Maximum engine speed **6700 rpm**

Acceleration 0-100 km/h **4.5 s**

Acceleration 0-200 km/h **15.5 s**

Top speed²⁾ **280 km/h**

Fuel consumption³⁾ urban⁴⁾ **18.1 l/100 km**

Fuel consumption³⁾ extra-urban⁴⁾ **8.8 l/100 km**

Fuel consumption³⁾ combined⁴⁾ **12.2 l/100 km**

CO₂ emissions **293 g/km**

Kerb weight⁵⁾ **1495 kg**

Wheels, front: **8.5 X 19** rear: **9.5 X 19**

Pirelli PZero Nero tyres, front: **235/35 R 19** rear: **265/30 R 19**

Available as a no-cost option:
Pirelli PZero Corsa sports tyres.

1) Figures according to Directive 80/1269/EEC in the currently applicable version 1999/99/EC 2) Electronically governed 3) The figures shown were obtained in accordance with the prescribed measuring process (Directive 80/1268/EEC in the currently applicable version). The figures are not based on an individual vehicle and do not constitute part of the product offer; they are provided solely for purposes of comparison between different vehicle models 4) Super Plus unleaded 5) Figures according to Directive 92/21/EC amended by 95/48/EC (kerb weight with fuel tank 90% full, driver, 68 kg and luggage, 7 kg) for standard-specification vehicles. Optional extras and accessory items generally increase this value, causing the payload to decrease accordingly

The stuff that every racing driver's dreams are made of: carbon fibre. If you wish, we can include a whole package's worth of it! The interior package comprises the instrument cluster tubes, the surrounds for the buttons on the steering wheel, the door sill panels with AMG lettering, as well as the selector lever bearing the AMG emblem.

By opting for the exterior carbon-fibre package, you will find the exclusive material adorning the crossways fins in the radiator grille, the exterior mirror housings and the AMG spoiler lip on the boot lid.

Take-back of end-of-life vehicles. Coming full circle

At the end of its long life, you can return your AMG vehicle to us for environment-friendly disposal in accordance with the EC End-Of-Life Vehicle Directive¹. But that day lies a long way off.

¹Applies in accordance with national regulations to vehicles up to 3.5 t permissible gross weight. AMG vehicles have met the statutory regulations governing the suitability of their design for reuse and recycling for a number of years now. A network of vehicle take-back depots and dismantlers has been established which will process your vehicle in an environment-friendly manner. The ways in which both vehicles and parts can be recovered are subject to ongoing development and improvement. Consequently, an AMG vehicle will be able to comply with any future increases in the recycling quota within the stipulated time limits. For further information, please call 00800 1 777 7777.

Please note: changes may have been made to the product since this brochure went to press (01.05.2006). The manufacturer reserves the right to make changes to the design, form, colour and specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. Where the vendor or the manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of optional equipment which are not part of standard specification. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. This brochure is distributed internationally. However, information given regarding statutory regulations, legal requirements and taxation applies only to the Federal Republic of Germany at the time of going to press. Please contact your nearest authorised Mercedes-Benz dealer for current information in relation to the range of models, features, optional extras and/or colours available in other countries, as well as information about the statutory regulations and legal requirements which apply in other countries.
